Marion Woman Hit by 3 Revolver Bullets in Quarrel With Husband

NEW SPEED KING C E Layman Accused of
Shooting With Intent
To Wound

PLEADS NOT GUILTY

Wife in Clinic After Trou
ble Over Domestic
Affairs

Mrs. Lottie La man 50 of 743
Chicago avenue was wounded three
times by revolver fire late yester
day afternoon in a culmination
of what was a domestic quarrel.

Her husband Clarence E. Lay
man 47 was charged this morning
with shooting with intent to
wound after he was quoted by
Police Chief William E. Marks
and Prosecuting Attorney Paul D.
Michel as having confessed he
fired the shot.

Layman pleaded not guilty when
arraigned in municipal court this
morning. He said he did not in
tend to hurt her, and consequently
denied the charge.

Judge William H. Martin fixed
a bond at \$5,000 and set his pre
liminary hearing for Tuesday Sep
14 at 10 a. m.

Mrs. Layman receiving medical
treatment at the reported in good
condition this morning. She has a
revolver wound in each thigh and
one in the right knee. The bullets
have been removed from the thigh
wounds but a bullet is still buried
in the knee.

Layman was quoted by police
and the prosecutor as having ad
mitted this morning that the shoot
ing followed repeated efforts to
get Mrs. La man to return to
their Chicago avenue home which
she left Thursday following a
domestic difference.

Authorities quoted Layman as
saying he went to the home of a
daughter Mrs. Wilbur Kirk in an
apartment at 29 East Church
street about 5:15 p. m. yesterday
and again asked his wife to go
home and take care of the chil
dren. He said he had their four
minor children ranging in age
from four to 13 years with him
in his truck when he drove to the
rear of the apartment building
where his daughter lived and sent
Bert, 13 up to call Mrs. Layman
into the rear yard.

He said when she came down
he asked her to go home but she
refused. He said he warned her
she either would go home or
to the hospital adding that she
again refused. He was quoted by
police as saying he then fired four
shots but did not intend to hit
his wife only meaning to frighten
her into going home with him.

The gun he said was purchased
from a West Side second hand
dealer a short time before the
shooting for \$3.

Wife's Story of Trouble
Mrs. Layman at the clinic this
morning said she had been on
going to the reunion Sunday at
Upper Sandusky because it was her
only annual opportunity to see her
parents Mr. and Mrs. John Rinau
of Upper Sandusky. She said Lay
man ordered her last Thursday
that if she left to go to the reunion
she didn't need to return. She said
she wanted to take the children
with her but that he refused.

She said she refused to go home
with Layman yesterday afternoon
because she feared violence. Her
offer to take the children with her
into the daughter's home at 720
East Church street was refused
just before the shooting, she said.
She said she went to the side of
the truck when her daughter called
her from the upstairs apartment
and the Layman got out of the side
truck walked around and made
where she was standing and made
her request for her to come. She
said he tried to take her following
her refusal in the presence of their
four children who were in the
truck.

Await Police Arrival
Layman the continued nerved
the gun to someone the happened
to be a good there until police
came. He was taken at once to
police headquarters and Mrs. Lay
man was rushed to the clinic
located nearby for medical atten
tion.

Layman last Saturday, filed a
charge in juvenile court against
his wife asserting she had aban
doned the minor children. Mrs.
Layman denied the charge and the
hearing was set for next Friday.

Juvenile Judge Oscar Gast said
he had taken the couple's four
minor children to the county de
partment home during the pendency
of the action but had released
them to the father yesterday in an
effort to have them placed in
school. He said he intended to
take custody of the children again
today unless proper provision for
their care has been made by the
father.

COUNCIL AUTHORIZES IMMEDIATE RETURN OF POLICE AND FIREMEN

CITIZENS LOAN
SALE DATE SET

Final Step in Liquidation Pro
ceedings Is Started
Today

WILL TAKE BIDS OCT 10

Remaining Assets Appraised
at \$392,657 Deposits
Now \$550,000

Final liquidation of the Citizens
Loan & Savings Co. will be
completed today when Judge H. H.
S. Young of the common pleas
court authorized C. L. Schell
receiver to take bids for the
assets of the remaining assets of the
company. The bids will be taken by
the receiver in the sum of \$500,000
or more at 10 o'clock on Oct. 10.

The sale of the assets will be
the final step in the liquidation of
the company which has been in re
ceivership since May 10, 1935.

Appraisal Made
The assets which will be offered
for sale have been appraised at
\$392,657. The appraisement was
made Aug. 2 by J. J. Schell, re
ceiver, and H. H. S. Young, judge.

Assets of the company are
valued by Judge Young to set a
valuation on the company's prop
erty. On the same date the deposits
of the company amount to
\$550,000. Mr. Schell said the
company has 2,500 persons
holding the \$550,000 in deposits
which will be paid from the proceeds
of the sale advertised for next
October.

When the company went into re
ceivership in 1935 eight thousand
persons held deposits of \$2,000,000.
The company's assets were
valued at \$1,160,000.
Through the exchange of real es
tate for deposits and cash in the
same period the receiver paid off
money borrowed by the loan com
pany and dividends to depositors
in the amount of \$1,000,000. Div
idends have amounted to 20 per
cent.

Loan on 150 Tracts
The assets of the company as of
Aug. 2 are represented by 150
tracts of real estate held out
right by the company's mortgagees
on which collection are still being
made and the company block in
project and West Center streets.

The terms of the sale according
to a legal notice published in the
Star for the first time tonight
will be \$3,000 cash on the day of
sale and the remainder upon con
firmation and approval of the sale
by the court.

Braden and Spagiani, Facing Life Terms, Will
Get Hearing Monday.

Records will be set next terms in the Ohio penitentiary as a result of conviction for murder. Braden and Watkins are appealing their conviction of the robbery slaying of James F. Bennett in December of 1931. They were found guilty in common pleas court here last March, four years after Cyril Spagiani, all facing life

had been incarcerated in the Lima hospital for the criminally insane when he allegedly gave police a confession of the crime. Braden and Watkins were subsequently brought to trial when a later investigation linked them with the crime. They were found guilty of murder in the first degree with recommendations of mercy and sentenced to life imprisonment without hope of pardon.

Spagiani was convicted last October of shooting Jess Yoder in a quarrel over a 10-cent bet in a poker game at the Spagiani home in the West End. He was found guilty of murder in the second degree and sentenced to life imprisonment.

GRAND JURY GETS NORTON MAN'S CASE

Special to The Star
DELAWARE, O., Sept. 8.—Harry Leroy of Norton was bound over to the Delaware county grand jury when he pleaded not guilty to a charge of receiving stolen property at his arraignment before Justice John J. Schweitzer. Bond was set at \$1,000.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Ready to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sick and the world looks pink.

BOND VOTE DROPPED IN MORROW COUNTY

Commissioners Will Not Place
Question on Ballot; Can Issue
Without Voter's Consent.

Special to The Star
MT. GILEAD, Sept. 8.—The Morrow county commissioners announced today that they will not seek to place a \$20,000 bond issue on the ballot for the November election as they had previously planned. The bonds were to have been issued for poor relief under the Carey act and were to have been retired from the current utility excise tax.

It has been found, after the bond issue was turned down by voters twice, that the commissioners can issue the bonds without the approval of the voters. The issue will not mean any additional taxes. The commissioners have the power to guarantee the payment from the general fund within the 10 mill limitation because of low indebtedness for roads and other bonds now guaranteed under the 10 mill limitation.

MORROW CO. SCHOOL FUNDS DISTRIBUTED

Special to The Star
MT. GILEAD, Sept. 8.—F. E. Hunsfeld, Morrow county superintendent of schools, today announced a distribution of \$40,551.97 to the 15 school districts of the county. The distribution is the third quarterly one made under the school foundation law this year. The districts received the following amounts:

Cardington, \$6,696.24; Chester-
ville, \$4,856.06; Edison, \$5,306.89;
Iberia, \$2,219.42; Johnsville, \$4,
504.87; Marengo, \$4,660.52; Mt. Gil-
ead, \$5,065.91; Sparta, \$5,182.17;
Fullon, \$1,051.86; Blomington, \$5,
889.13; Clinton, \$125.24; Congress,
\$737.51; Franklin, \$938.57; Gilead,
\$206.24; and North Bloomfield
\$501.56.

ISSUE WARNING ON HOG CHOLERA

Special to The Star
DELAWARE, O., Sept. 8.—Delaware county farmers have been warned of possibility of a wave of hog cholera in the county and other swine producing areas. This is the tenth year in the cycle which hog cholera seems to follow, veterinary leaders pointed out. More hog cholera prevails in the county now than in any one year since 1921, according to one Delaware county veterinary.

MEN'S CLUB TO MEET
MT. GILEAD, Sept. 8.—E. Dew Bancroft, field secretary of lay activities for the Methodist church, will speak at the first meeting of the Men's club of the First Presbyterian church after the summer recess at the home of H. T. Kroul tonight.

CLARIDON GROUP ENTERS SCHOOLS

Special to The Star
Several of the class of 1936 of the Claridon High school are leaving this week to take up their studies in colleges, universities and other educational work. Miss Dorothy Seas, daughter of Harper Seas of the Columbus-Sandusky pike, left Monday for Columbus where she is enrolled in Capital university, and Miss Inez Kramer, daughter of Mr. and Mrs. Harrison Kramer of the Claridon pike, left recently for Columbus where she entered Grant hospital training school for nurses. Miss Jane Gate-

wood, daughter of Mr. and Mrs. Ray Gatewood of the Claridon pike, will leave Monday for Delaware to enter Ohio Wesleyan university. Members of the class enrolled in the Marion Business college are Walter Augenstein of the Columbus-Sandusky pike, Miss Jean Lawrence of the Patten pike, and Miss Helen Smith of Claridon.

BROTHERHOOD WILL HOLD STEAK ROAST

The Brotherhood of the Trinity Baptist church will hold a steak roast Thursday night at Brush Ridge. Rev. James M. Fisher, R. Layman.

MRS. JESSIE MOZIER DIES IN MORROW CO.

Special to The Star
MT. GILEAD, O., Sept. 8.—Mrs. Jessie Shipman Mozier, 61, a lifelong resident of Morrow county, died yesterday at her home north of Mt. Gilead. She was born June 4, 1872. Surviving are the husband, Clarence P. Shipman, two daughters, Mrs. Merrill Ault of Mt. Gilead and Mrs. James Olds of Akron, a son in Springfield, and a brother, C. P. Shipman of Edison. The funeral will be conducted Thursday at 2 p. m. at the home. Burial will be made in the Riverside cemetery in Mt. Gilead.

HIGHWAY NOTICE
The annual budget of Scott township, for the year 1933, has been compiled, according to law and a public inspection of same can be made at the home of the clerk on Monday evening, October 8th, 1933. FRANK CLUTTER, Clerk. Route 1, Marion, Ohio. Sept. 8, 1933.

Accuracy

Assures Uniform Results

The use of X-ray and Neurocalometer assure the highest degree of accuracy in the application of the chiropractic principle. And has resulted in better and more uniform results, in a greater percentage of cases.

When you understand the advantages offered by this method, you will accept no other.

LAWYERS ON COMMITTEE FOR CONSTITUTION WEEK

John K. Bartram To Direct Observance in Third Ohio
Appellate District.

Names of 17 attorneys who will take of the third appellate district
promote the observance of Con-
stitution week, starting Sunday, in
Marion and other counties of the
Third Appellate district, were an-
nounced today by John K. Bartram,
of Columbus, president of the
junior bar section of the Ohio state
bar association.

The attorneys were recommended
for appointment by John K. Bar-
tram of Forest street, a member
of the junior bar section's execu-
tive committee for this appellate
district, which comprises Marion
and 15 other counties.

Bartram will direct activities in
the 17 counties and will be assisted
in Marion by Harry L. Howser,
principal activities of the attor-
neys will be to obtain speakers
and arrange programs for
churches, patriotic societies, civic
clubs and other groups. Debates
in schools, essay contests and
other features also are planned.

The attorneys were named as
part of the state's contribution to
the nationwide observance of Con-
stitution week. Although the
week's program is designed to
crystallize attention upon the Con-
stitution, it is the plan to provide
a similar service for all patriotic
holidays.

A Woman's Place

A woman's place is where she is most useful. In the home, she is the center of the family. In the community, she is the backbone. In the world, she is the light. A woman's place is not a fixed thing. It is a thing that grows and changes with the times. A woman's place is where she can be of service to others. A woman's place is where she can be a blessing to the world.

"Happy Days"

The curiosity of many radio listeners must have been aroused last Friday when broadcastman William Hard reported that Happy Days are on the air. It is a fact that Happy Days are on the air. They are a series of short stories that are broadcast every day. They are a source of entertainment and information for many people. They are a part of the life of the community.

Moreover, Mr. Hard claimed the June 13 number printed a violent attack upon Sen. Steiwer, keynoter at the Republican convention while on Aug. 22 the article of Happy Days bombarded Col. Frank Knox.

Since many persons have not seen happy days—singular or plural—their curiosity must be reaching the boiling point. They know that happy days are not yet here, but the world likes to know whether Happy Days is telling the CCC boys that the miracle has been performed. Could it be possible the boys in camp are being told who is hurling their bread?

The Youth Vote

As is their habit, campaign managers for both parties have turned the moon as well as the stars for their side. From time to time they and their aids have claimed the youth vote as the key to victory. They have said that the youth vote is the most important vote in the country. They have said that the youth vote is the vote that will decide the election. They have said that the youth vote is the vote that will change the world.

Issue that has been addressed. A fire in the week of two.

That one issue, however, has been addressed. A fire in the week of two. The fire was caused by a short circuit in the wiring. It was a small fire, but it caused a great deal of damage. It was a tragedy for the family that lived in the house.

Fireside Chat

In the fireside chat, the President will discuss the current events of the day. He will talk about the economy, the foreign policy, and the domestic issues. He will also talk about the progress of the New Deal. The fireside chat is a unique opportunity for the President to speak directly to the people.

It was reassuring to hear the President's denunciation of those who insist that this is a class-conscious society. He said that there is no class in this country. There is only the American people. He said that the American people are the ones who are responsible for the success of the New Deal.

Those who fail to read the signs of the times are the ones who are in danger. They are the ones who are not seeing the forest for the trees. They are the ones who are not understanding the true meaning of the New Deal.

Charge It

If reports of successful experiments by German scientists are true, the familiar phrase, "Charge it" might take on a fresh meaning. It might mean "Charge it to the New Deal." It might mean "Charge it to the American people." It might mean "Charge it to the future."

Washington has received word of a revolutionary new method of preserving milk for periods up to two months or longer without refrigeration. This is a great discovery. It will make it possible to have fresh milk in the winter. It will make it possible to have fresh milk in the remote areas.

In one experiment it is said oxygenized milk was shipped to South Africa and back—two months later—and was found to be in perfect condition upon return. At Frankfurt on Main fresh milk for home use now is being distributed in siphon bottles which can be kept on store shelves for weeks without deterioration.

Forward looking persons may well ask that this experiment be hailed just as the milk problem has been reduced to a matter of (trying to give farmers a fair return and of studying economies in distribution) this new discovery threatens to revolutionize present distributing practices. In stead of getting milk from contented cows we are faced with the likelihood of seeing the slogan: Milk from siphons that sigh with joy.

Glancing Backward

IT WAS THURSDAY, Sept. 9, 1928. Binghams continued their activities in Marion. Nine burglaries were reported to the police department within 48 hours. William Darnell, 75, of Meadow street, died in the City hospital of injuries suffered Monday when he was hit by an automobile.

Marion's storm water sewer system was overtaxed by a heavy rainfall which resulted in cellars and basements being flooded and automobile traffic halted in several places by water on the streets. Gillman Allen of Franklin street returned from Paris where he spent two months with the Amherst college orchestra playing at the Imperial night club on the Mountaineer.

Rev. Howard I. Orians of Milwaukee and Harry Orians of Urbana Ill. returned to their homes after a visit with their parents. Mr. and Mrs. George Orians of Seefelt avenue.

The Marion County Agricultural Improvement association adopted a resolution condemning a proposal to change the name of the Marion county fair to the Shovel City fair.

Roosevelt Loses Ground in West

Tide Running Against New Deal But How Far It Will Go Is Matter of Conjecture

David Lawrence begins today a series of fireside chats summarizing conclusions reached after his visit to 13 states in the Rocky Mountain and Pacific Coast regions. Mr. Lawrence plans to visit the New England states next and then the central west, covering in all the 48 states before election day.

BY DAVID LAWRENCE

 (The Associated Press)

There is a tide running against the new deal. It is a tide that is running against the New Deal. It is a tide that is running against the American people. It is a tide that is running against the future.

It is characteristic of the far west and the Rocky Mountain states that they do not get the news of opinion held in the east until months and months after. The news has reached their height in the east. Perhaps the difference is in time and the distance may account somewhat for it, but even economic waves do not touch the Pacific coast as quickly as they do the middle west or the east.

Upon analysis I found that the Republican leaders talking off the record were depending either on Lemke-Coughlin votes or Townsend votes or the upsurge in the Democratic party due to state fights. But they had also an abiding confidence that a tide would begin to roll by October which would swing their states into the Republican column by narrow margins.

On the Democratic side I found no abiding more unshakeable than I expected. Thus one Democratic chief in a western state told me early in July that he expected Roosevelt to carry that state by 15,000 against a 1932 majority of about 40,000. But when I returned to the same state in August my informant told me he thought the state would be rather close and by that he meant 2000 or 3000 either way.

What had happened in the interim? Well the lines were beginning to crystallize. Local primary contests and this revealed the reaction of voters that it was not possible to determine before.

I found a considerable interest in the informal polls almost everywhere such as those taken by the American Institute of Public Opinion and the Literary Digest. But somehow these polls do not explain the trends and the reasons for the shifts in the sample ballots. This can be explained only by talking to the well informed men on both sides who are themselves canvassing voters all the time through their organizations. A reporter who can gain the confidence of these leaders and who is conversant in reporting objectively what he finds will discover in the present trends much that the polls cannot in the very nature of things reveal. For often the contest in a state is between groups of voters on between different sections of the same state.

I derived the general impression that politics is not quite so hot in the far west as in the middle west or east that the anti-Roosevelt sentiment of the Rocky Mountain and Pacific Coast regions is by no means as intense as in the east and that Governor Land's campaign has hardly begun to register one way or the other in these western states with the possible exception of Colorado.

So far as issues are concerned the argument about a change in the form of government has pointed only to the business classes and not as definitely even among those groups in far west as in the middle west or east. Governor Land's speech at Middlesex, Pa. therefore meant very little to the far west. Had he given a bill of particulars and discussed the fundamental evasions of the Constitution through such laws as the NRA which was declared invalid by a vote of all nine justices of the supreme court of the United States there might have been a better understanding of his theme.

The speech at Cincinnati about the teachers' oath again touched only a few interested groups who know the implications of the controversy.

The best address Mr. Landon has made so far was his speech at Reno on government finances and debt which was widely read and made a good impression. On the other hand, Mr. Landon's radio delivery is not as effective as that of Mr. Roosevelt. The President's fireside talk last Sunday night was an excellent example of effective campaigning and it will help Mr. Roosevelt in the west.

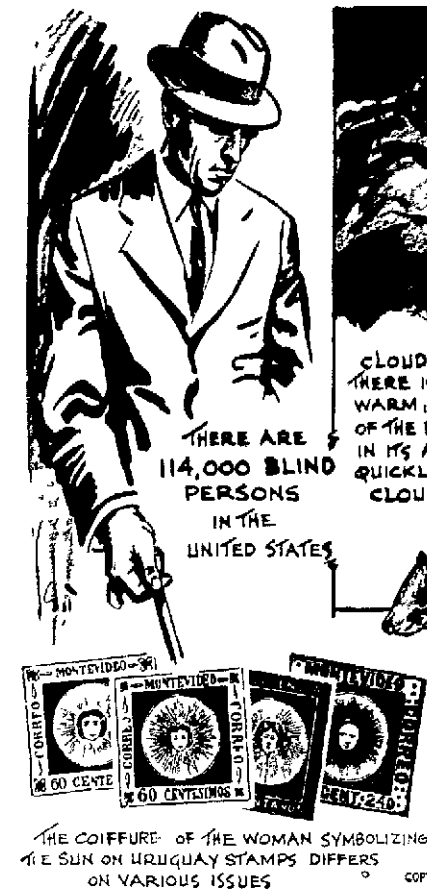

The campaign is yet ahead of us. The lines are somewhat set in some of the western states but the real battleground appears to be the middle west and the east. For while there are some states that will go for Landon out of the 13 that I visited the majority of them will not according to present indications. I plan to check with well informed persons again in October before making a final summary. (Tomorrow's dispatch will give the probable trend in each of the 13 states visited.)

Behind the News

Men and Affairs Under the Washington Spotlight

WASHINGTON, Sept. 8.—President Roosevelt's new idea of expanding the public employment agency system is supposed to have originated with Labor Secretary Perkins. They both were interested in attaining state agencies in New York before Mr. Roosevelt became President. They were in force a reduction of abuses in private employment agencies.

It is not much of a secret that the federal idea has not worked out perfectly. One reason is the system is new and not well known. Another is that it was instituted in a period of sparse employment. The number of men for whom jobs have been found was not sufficiently impressive for Mr. Roosevelt to use it in his fireside chat. But the machinery has been set up and about three weeks ago the President decided to lay aside \$25,000 for the employment agency system to check the relief rolls in connection with PWA projects. The suggestion started working so well that Mr. Roosevelt ultimately decided to make a real effort to use the same machinery for developing private jobs and to publicize it strongly.

Some who use the agency headquarters of the system here doubt that the old obstacles can yet be overcome to any appreciable extent.

Signs
 Federal promotion of the co-operative theory is being carried for ward in several little ways. A purely in preparation for bigger activities when Mr. Roosevelt's co-operative study commission returns from Europe.

The monthly magazine Consumer Guide published by the agriculture department has started a section on co-ops. The current issue tells of egg and poultry marketing in eastern states but contains no ideas on federally sponsored industrial or consumer co-ops which is what the study commission is driving at. Meanwhile the farm credit administration is distributing more copies of its recently published volume of statistics of farmers co-operative business organizations.

The plan is to carry out Agriculture secretary Wallace's advice in his recent book namely to promote the co-op theory in any phase now in long range contemplation of the ultimately possible co-operative state.

Consumer Credit
 Washing on thinkers are also much interested currently in the analysis of consumer credit in a booklet of that title published by the public affairs committee.

New York Notes

O O McIntyre's Diary of Fact, Fancy and Folks.

NEW YORK, Sept. 9.—Col. Theodore Roosevelt is a luncheon regular here. He likes to gather a small group around in the show spots at the lunch hour and spin yarns. He is seldom seen after dark or at the theaters but is in full flower at midday. The life of the party. While the Colonel was having coffee at a recent lunch John M. Mulholland the magician left his seat to go to the Colonel's side. This was their first meeting. Said Mulholland: Colonel I want to thank you for getting me out of a bad jam in India. A favor you know nothing about.

It seems Mulholland got stranded at Chandpur in 1926. He was broke flatter than one of his truck 50 cent pieces. At the bank he asked for \$200. His letter of credit was no good for he could not identify himself. Inquired the cashier: Do you know any Americans in Chandpur?

The magician shook his head. The cashier added: An American went through here 10 days ago. His name is Theodore Roosevelt. Do you know him? Examined Mulholland: "Know 'Tadgy'?" I should say I do. He would of course everybody in America did. But it got the needed cash.

John Mulholland by the way is the slick slicer of the prestidigitator's art. A swanky, sartorially precise fellow, his close friendships include Gene Tunney, Harold Ross, Bert Tenthune and such and he hobnobs in off hand ease at the Long Island Hamptons. As a magician he multiplies an abracadabra over his enchantments. His is the attitude of the challenger. His hand is quicker than your eye. Catch him if you can. And nobody has.

Mulholland too is one of the lightning personalities of his art. There are many magicians but only a handful in the whole parade who offered the suave charm and glamour of Houdini, Thurston and Kellar. Mulholland has a lit erary flair and his articles on his professional antics are in ready demand in almost any of the magazine shops. Most of his exhibits are private and for a bon ton clientele. Indeed he seems to enjoy most a circle of friends at a cafe table and put on a private show for their amusement.

My own delving into Black Art covered a period of many years. No hobby is quite so enchanting or so boring to suffering spouses. I was always popping in all merry and bright with a new trick for my wife to watch. I spent much time in a dinky magic shop on Sixth avenue whose proprietor was a sort of Fifth avenue Apollo with a Barrymore profile. Many touring magicians hung out there and he taught me quite a variety of monthly sessions. There somehow our paths parted. Several years later in London I saw a flamboyant billboard in Oxford Circus showing a magician vanishing a man. The man was billed as The Great Lafayette. When I went to see The Great Lafayette it was a tableau—my friend of the Sixth avenue magic shop.

More and more is the New York speech difficult to understand. Due no doubt to failure to hike voices above the din, this simple mumble I was impressed today by a fellow from Indiana who after a week here was going to an ear-specialist. He could not understand people. Yet his hearing was perfect. Gail Burgess once divided the intricacies into mumblebees, drawlers, whinoids and Walpurg ettes.

I have sympathy for the mumbler. I was once mumbled and enjoyed it. I was once mumbled and enjoyed it. I was once mumbled and enjoyed it. I was once mumbled and enjoyed it.

Congress Is Big Election Prize

Leaders on Both Sides Attention on Contes

By E. H. PHILLIPS
 Chief of Bureau of Associated Press, Washington

The special importance of congressional elections is being amply attested by the concentration of the campaign headquarters on the major parties.

Most of the national leaders, general notice. The action of the presidential campaign is not only more spectacular than a national sense but they are readily followed by the public. One big show is a campaign which is centered in the headquarters of the major parties.

The party leaders however are fully alive to the national importance of the case. They do not expect all that they do about congressional campaign for they are to escape all suspicion of interference in any situation which might be considered local.

This year especially these leaders are not only on the alert but they are active for special. G O P Situation Local.

For the Republicans the situation is a peculiar one without precedent in recent years. The Republicans cannot attain a majority in the senate next election unless they do it in only one third of the senate members coming up at a time. The Democrats are sure of a majority even if every Republican senatorial nominee is elected this fall.

That means that if Governor Landon wins he is certain to find one branch of congress controlled by the opposition party and it makes imperative an especially vigorous attempt to return a Republican majority in the house.

But the Democrats also have their problem. The senate is safely Democratic but it happens that it is the house which originates the money bills that are certain to play so great a part in legislative policy during the next four years.

If Mr. Roosevelt is reelected how far could he hope to get with his program with the drafting of appropriations and revenue measures in the hands of Republican?

Such questions are not exactly new but they are coming forward with greater and greater force as election day nears.

New Influences Figure
 Moreover there are still other factors which have recent led to the notice hitherto but which begin to stand out in greater relief as the campaign develops.

Within each party there are numerous subdivisions. If Mr. Landon could count on the legislative support of everyone elected as a Republican or Mr. Roosevelt could rely on the vote of everyone elected as a Democrat the situation would be far more simple than it is.

The Townsends are making a nationwide campaign to elect a powerful bloc of their own to congress under whatever party label. The followers of Father Coughlin are endeavoring to do the same.

All along the line new influences and new considerations are qualifying former party affiliations.

So the congressional campaign has become altogether one of the most interesting and complicated on record. It is a pity that its wide diffusion geographically and with respect to issues prevents the electorate as a whole from getting any comprehensive view of it or understanding fully its great possibilities.

Wesley Wins Fourth Series Game

DEFEATS SHOVEL, 3-2; WINNER AND LOSER TO MEET IN FINALS

Little World Series Title at Stake in Friday Night Contest.

In a repetition of the Wesley-Walters game of the first series, Wesley won the fourth game of the Little World Series, 3-2, in a game that was a real thriller. The game was played at Lincoln park Friday night.

Steve Margula, playing manager of the Shovel side, picked Wesley Walters for the only clean hit, a home run, in the first inning. Walters collected his third run in the field, proved costly to Wesley, but the early three-run advantage was sufficient to win the game. Shovel's pitcher, Maynard Snyder, struck out 10 batters.

Wesley Walters, who crossed the plate in the third inning for Wesley's second run, safe on Robinson's error in handling a bunt to left field. Walters went to third on a sacrifice hit and a bunt throw, and scored on Bob Walters' infield grounder. Gorenflo was responsible for Wesley's third and final run. Coming to bat as the first hitter to face Snyder in the fourth inning, he clouted a long hit to center field for a home run.

The winning margin was nar-

rowed in the final inning when Walters, Shovel's pitcher, after being safe on an error at first, worked through the out of two more innings and an infield grounder. Walters' pitcher, Maynard Snyder, struck out 10 batters.

First may anticipate an outstanding battle when the teams clash again Friday night in the last game of the series for the city title. Both playing managers are expected to be in the game and it is likely that Margula's pitcher, Wesley Walters, will pitch each game of the series. Walters is a right-handed pitcher and has a record of 1-0 in the series. He is expected to be in the game and it is likely that Margula's pitcher, Wesley Walters, will pitch each game of the series.

O. W. U. PROSPECTS BRIGHTENED UP

By The Associated Press. DELAWARE, O., Sept. 9.—Things were looking up for Football Coach George Oatthier at Ohio Wesleyan University today with the return of Bill Musson, 210-pound tackle from Cleveland, and Dean White, Circleville halfback, as the Dishops started their third day of training. Musson has been absent three years and White one year.

Ohio State Grid Squad Set for Hard Workouts

Coaches Say Little Time Will Be Wasted on Preliminary "Fundamentals."

By Fritz Howell. Associated Press Sports Writer. COLUMBUS, O., Sept. 8.—Ohio State football coach, Glenn "Pop" Warner, today announced that the team will begin its practice on Monday, Sept. 12, at 10 o'clock. Warner said that the team will not waste time on preliminary "fundamentals" but will get right to work on the game.

WHITE SOX DEFEAT DETROIT TIGERS, 7-5; GIANTS TO MEET REDS

Chicago Team's Victory Moves It Into Second Place in American.

By The Associated Press. Although the American League is ready to take the pennant out of its winter wrapping, dust it off and award it to the Yankees, more attention is being paid the White Sox these days.

The Yankees may settle the matter of winning the flag before nightfall as they need only one more victory to clinch and can accomplish that as they open their final western tour at Cleveland against the Indians, one of their two surviving rivals.

With all due respect to the Yankee power, Jimmy Dykes' Chicagoans probably will go down as the big surprise of the 1934 pennant chase. They have made the experts look aghast by climbing into the first division and staying there.

The Sox made good their stab at second place by bowing over the Tigers, 7-5, in the only game scheduled on the major league front.

The defeat wiped out that possibility for the Tigers and their last mathematical chance of catching up on the Yankees, dropping them into a three-way tie for third place with the idle Indians and Senators.

The White Sox landed on Eddies Auker and Red Phillips for six runs in the first frame to sew up the ball game. Sugar Cain, though touched for 15 hits, pitched effectively behind the big lead to which his mates staked him.

With the National League completely quiet, the pace-setting Giants had a chance to rest up in preparation for the invasion of the western contenders, the first of which, the Reds, pull into town today for a doubleheader. They are now five games in front of the second place Cardinals.

Bill Terry apparently is serious about retiring this time. In the last few weeks he's bought up Johnny McCarthy and Les Powers from the Newark and Baltimore International league clubs, respectively. Both are first basemen, which means Sambo Leslie will have to fight for his job next year.

FIGHTS LAST NIGHT

LOS ANGELES—Lee Ramo, 136, San Diego, Calif., outpointed Frank Kowey, 114, Powder River, Mont. (10).

NEW YORK—Solly Krieger, 164, Brooklyn, knocked out Ralph Chung, 159, New Orleans, (7).

safeguarding our form of government.

Minority groups in European countries he had visited this summer, Owens added, no longer are protected by the constitution and the courts.

Leaving Tokyo tomorrow night, London was scheduled to arrive in Chicago Friday morning, continue via the New York Central to New York City and then board a special train for his New England campaign.

National Chairman John Hamilton predicted at Chicago that the Republicans would carry Maine all down the line in excess of 50,000.

Cake for Birthday
London observed his birthday anniversary at the office. A big three-tier cake decorated with a sunflower was presented by 28 state Democratic Women's leagues.

The battle for London's present post opened in Kansas last night. At Salina, Walter A. Latham, the Democratic nominee for governor, accused London of letting local municipalities and the national government bear all the relief burden and of failing adequately to support the schools.

At McPherson, Will G. Wedel, the Republican nominee, praised the "wise leadership of London and pledged the same economical conduct of state affairs.

Maine Chieftains Revamp Program

By The Associated Press
PORTLAND, Me., Sept. 9.—Maine Republican chieftains revamped hastily today arrangements for their campaign windup, assured of a visit and speech by Gov. Alf M. Landon of Kansas two days before next Monday's state election.

Arthur L. Sewall, the party's state chairman, promised Landon a reception worthy of this staunchest of Republican states.

Democratic Gov. Louis J. Brann, his party's U. S. senate nominee, said he would be delighted to have Landon visit Maine and would extend to him every courtesy and consideration.

Earlier last night Brann in a speech accused the Republican press of New England of trying to defeat him if only for the reason that another Governor the chief executive of Kansas desires to be the head of the United States.

Jack Dempsey, former world champion heavyweight boxer, arrived today for a two-day tour with Gov. Brann, who in former campaign had lost at Dempsey's conqueror, Gene Tunney.

fatally. The children, two were with their sister, Mrs. Kira.

The domestic quarrel, Layman was quoted as saying this morning, began last Thursday when his wife asked to attend the family reunion Sunday. He said he protested because he did not have enough money to go to the reunion and that he did not wish to borrow any for his purpose. He quoted her as saying she would go without him. In the quarrel that followed, she left and did not return, he said.

Intrepid brigades report site of many summer embassies.

The San Sebastian government, who yesterday tried to win to surrender, the city in return for amnesty for the defendants dispatched anarchist agents to front line trenches to keep them from firing the city rather than see it fall in rebel hands.

Rebel sources claimed the capture in domination of Pinar and Renteria on the threshold of San Sebastian. There were indications in France however that government forces still cling to the two outposts.

In London representatives of two dozen European nations met privately to coordinate arms supplies and other measures of Spanish non-intervention. The absence of Portugal logical port of entry for aid to Spanish belittled, clouded the proceedings however. Portugal has affirmed its neutrality but Madrid Socialists have accused it of helping the rebels.

pride to his building program and extolling regeneration of Germany.

Hitler's warning was directed at the world without a single Jew being in a position of influence.

Chambers' applause greeted the reading of this section of the proclamation.

Shall the reading of the announcement was interrupted for a long time by bells when Hitler emphasized the solemnity of the Versailles treaty have been torn and declared the army, navy and air force were capable of defending Germany against all enemies.

Had I prophesied four years ago all that we have done, the world would have laughed at me as a crazy man, der Führer said.

The national leadership has worked a miracle.

Today Germany in her public leadership and military defense stands more secure than ever before.

Louder pointing, a warning finger at Spain's bloody civil war, Hitler declared, high priest of anti-Semitism told assembled Nazi leaders today that Germany is determined not to tolerate the organized and systematic destruction of civilization.

AN IMPORTANT MESSAGE TO

U

THE RESIDENTS OF NORTH CENTRAL OHIO

Thousands of people suffer in many ways from the evils of Gall, Liver and Bile ailments. I personally believe that 90% of all chronic ailments are derived from some condition of poor bile functioning. Corrected Bile and Liver conditions will remedy many a serious ailment.

Don't neglect your health; many a dangerous operation becomes necessary from neglected Gall conditions that are allowed to become chronic.

I personally believe that our Lower's Z. Z. Z. Gall, Liver and Bile tablets to be superior over competitive brands.

Here's hoping you give them an immediate trial. Respectfully **C. LOWER, Chemist**

Mother Regains Child She Surrendered After Birth

GREEN O Sept. 9—The women left the court room here late today when the mother of a baby who had been surrendered to her after birth was found to be the same woman who had given birth to the child eight months ago.

10 PUPILS ENROLL GALION SCHOOLS

W. N. Robertson Con- Devotions During Assembly Period

At the Galion public school opened at 8:30 a. m. was at Junior High 33 for the three was somewhat more. At Junior High eighth and ninth were 406 pupils. Mrs. Elementary was 351. At room there were other school regist. East building in e garten 226 pupils. South school there was 106 of students at the Rev. W. N. Robertson of the first church. Students were in their various home were distributed and other ar made. Classes were conducted in other buildings of the city.

DELAWARE CHURCH ASSIGNMENTS MADE

Special to The Star DELAWARE, O. Sept. 9—Pastors were assigned to three Delaware churches at the closing sessions of the annual Ohio conference. The assignments were: P. E. E. Burnett of West Point to succeed Rev. W. N. Robertson who was sent to Westburg. Rev. Stanley Foster, recent graduate of Bone Theological seminary in Dayton to succeed Rev. W. N. Robertson who was sent to Pleasant Valley. Rev. W. N. Robertson to succeed Rev. O. M. M. at Peachblow.

MONEY RETURNED TO CLERK AT CRESTLINE

Special to The Star CRESTLINE, Sept. 9—Miss Marie, village clerk reported re a refund of \$48.57 from a commission of Ohio amount of an error in the settlement of the meeting of the village council Tuesday night.

The mother, Mrs. Mary V. Cook, obtained a writ of habeas corpus to regain a 4-month-old James Edward Cook from Mrs. Leonard Kramp, to whom he had surrendered him soon after his birth. As Judge Amos L. Conn gave his decision, awarding her the child, Mrs. Cook dashed from her prison near the bench to the crowded courtroom where Mrs. Kramp's mother held the baby. There she sought to seize James and struggled tearfully as Mrs. Mary Copple refused to give him up. The court bailiff handed the child to Mrs. Cook who fled from the room her eyes streaming as she imploringly kissed on James' chubby cheeks.

Mrs. Kramp, who had just concluded a plea that she be permitted to keep the child, she had nursed to health and come to love, sobbed convulsively at the counsel table as she witnessed the reunion. The child was left to the court.

This is a very difficult problem and one that cannot be decided with emotion. Judge Conn said in his decision. Upon the basis of natural feeling, the issue should be decided in favor of Mrs. Kramp, but when one sits as a judge of the law, he must follow the law as it is in the writ. The laws of Ohio do not provide for the transfer of children except by the adoption statute. The adoption statute is weak in granting six months for parents to decide whether they will permit adoption.

WHAT TO DO FOR ECZEMA ITCHING AND BURNING

Wash the affected parts with Resinol Soap and warm water to soften scales and crusts. Resinol Soap is suggested because it contains no excess of free alkali, and is especially suited to tender skin. Dry by patting with a soft cloth—do not rub.

Doctors recommend an ointment because it penetrates the outer layers of the skin more effectively. Resinol Ointment meets this requirement, and does even more. For over 40 years it has been—and still is—successfully used to relieve quickly the itching and burning of eczema. It contains soothing ingredients that aid healing.

Use Resinol Ointment today and enjoy comfort tomorrow. Get a jar, also a cake of Resinol Soap, at any drug store. For free sample, write to Resinol, Dept. 1, Baltimore, Md.

Colt Events To Boost Harness Racing Program

Speed Department Expected To Be Biggest In Years With 125 Horses Coming To Fair

One of the biggest harness racing programs in the history of Marion, Ohio, is expected to be staged at the annual fair. The fair board has announced that 125 horses will be entered in the harness racing program, which will be the largest since the fair was first held in 1907. The racing will be held on the fair grounds, and the proceeds will be used to help defray the expenses of the fair. The fair board has also announced that the harness racing program will be the biggest in years, and that it is expected to draw a large crowd of spectators.

HENNEY & COOPER CUT RATE DRUGS

Children and Physic

Some children are brought up in the shadow of the physic bottle. If Johnny cannot eat his prunes or complain of a headache, Mother pops his mouth open and administers the dose ad nauseam. That she thinks in what he needs to fix him up.

It is true that at times Johnny needs a good laxative. But constant use of even the best laxative is harmful. Bad habits are established in this way.

Constipation a common ailment among children should be corrected by patience and a careful diet in which plenty of orange juice or ton (in juice water) and vegetables should figure.

Use a physic only when prescribed by your doctor. Follow his instructions faithfully.

Ask him too to recommend a druggist known for accuracy. Pure drugs are of vital importance especially where a child is concerned.

MARION PHYSICIAN GIVES ROTARY TALK

Body Urged by Dr.
H. Morgan in Address on
The House We Live In.

Members of the Marion Rotary club yesterday at the club's weekly luncheon meeting in Hotel Harding.

"The House We Live In" was the subject of Dr. Morgan's talk, in which he pointed out that the average person takes far too much for granted in the use of the body and that a check-up should be made at the first indication of pain or illness. Such indications are sure signs that something is wrong, the doctor said.

A fundamental aim of the medical profession is to help the body perform its work in its own way, Dr. Morgan said. That the body needs care and attention is appar-

ent, he pointed out, from the fact that the law of injury and disease is as immutable as the law of gravity.

"We should be friends to our bodies, for they are our best friends; they are our best friends, suffering and greatly mismanaged," he concluded.

Guests of the club were William W. Little of Chicago, Harry Cooper of Columbus, Jerry Miller of Cincinnati and Joseph Masley of Columbus.

G. O. P. OPENING
TO BE BROADCAST

A two-hour program in connection with opening of the state Republican campaign at Mt. Sterling is scheduled for broadcast Thursday over station WILCO, formerly WAIL, Columbus. The broadcast will begin at 2 p. m.

Republican leaders of Ohio will gather at Mt. Sterling Thursday to open the state campaign in that community. Since it is the birthplace of Attorney General John W. Sticker, the party's candidate for governor.

MARION AIRPLANE
MODELS WIN PRIZES

Two first prizes and one second prize were won in the Ohio state junior fair by airplane models entered by Thomas H. Clark Jr. of 775 Mt. Vernon avenue.

Clark, who is now in his junior year at Harding High school, entered the models in the indoor flying model contest at the fair. He will receive trophies for the first prize and a medal for the second place. He is a son of Mr. and Mrs. Thomas H. Clark.

CHILD OF FORMER MARIONITES KILLED

Elizabeth Jane Long Fatally
Hurt in Crash Returning
From Marion Co. Visit.

Elizabeth Jane, 18-month-old daughter of Mr. and Mrs. Sheldon Long of Washington C. H., former Marion residents, died in White Cross hospital in Columbus yesterday of injuries suffered in an automobile-train crash Sunday night while the family was returning home after spending the day with relatives in this county.

Funeral services will be held Thursday at 2 p. m. at the Elvies funeral home at Washington C. H.

The accident occurred when the automobile driven by Mr. Long crashed into the side of a loaded train at a crossing near Washington C. H. The infant girl suffered fatal injuries, her sister, Patricia, 7, suffered a skull fracture and Mrs. Edith Long mother of the girl, was seriously injured. Both are in the hospital at Columbus. Another sister of the victim, Betty Jean, 8, and her father were not seriously hurt.

Mr. and Mrs. Long lived in Marion 10 years ago before they moved to Washington C. H. shortly after their marriage. Mr. Long is the son of Mr. and Mrs. Gibson Long of Green Camp and Mrs. Long is a daughter of Mr. and Mrs. D. J. Klingel of near Waldo.

New York Giant Pros Win from Collegiate All Star Gridders by Score of 12-2

Most Decisive Game in Two Year History of Contests, Burnett and Danowski Form Winning Combination for New Yorkers

By The Associated Press
New York, Sept. 9.—The college-pro game was the most decisive in the two-year history of the contests, as the New York Giants defeated the Collegiate All Stars 12-2 at Lincoln Park.

The game was a real football battle, with the Giants leading 10-0 in the first half and 12-0 in the second. The Giants' offense was the key to their victory, with Burnett and Danowski forming a winning combination.

The Giants' defense was also excellent, with the backfield holding the Collegiate All Stars to a minimum. The Giants' offense was led by Burnett and Danowski, who combined for 12 points.

LARGE MIDWAY FOR FAIR SEEN

Tent Shows, Rides and Concessions Arranged for Farm Exposition.

Visitors at the Marion county fair Sept. 22-26 are assured a variety of entertainment in the midway of concessions and shows booked to date by county fair officials.

Several features new to Marion county fair programs will be on the grounds in addition to the usual variety of tent shows, games of skill and mechanical rides.

One new feature is the goat ride for children to be in charge of Lewis Lehner of near Prospect Children, for a small charge, can climb into a goat-drawn wagon and drive around a course that will be laid out on the grounds.

Another innovation will be the Loop-plane, a mechanical ride that will appeal to thrill seekers. In it, riders are fastened into miniature planes and literally loop-the-loop in airplane fashion.

Among the tent shows will be Buckskin Ben's Lone Star Wild West show, one of the oldest active wild west shows on the road.

The Loop-plane and other mechanical rides including a merry-go-round, ferris wheel and a mechanical ride for children, will be furnished by Howard Bros. of Millfield, O.

Concession rights for ice cream, soft drinks, candy, popcorn and peanuts has been sold to Wolfe, Hayler & Doolittle of Columbus.

The Marion White Shrine Patrol has been awarded the food concession and will serve meals under the grandstand. Seating accommodations for approximately 150 persons are being arranged there.

BICYCLE RACE FOR BOYS NEW CO. FAIR FEATURE

Prizes Offered in Contest for Youths Up to 15 Years Sept. 19 Deadline for Entering Events.

The first organized bicycle race in Marion county in recent years will be held in connection with the county fair, Sept. 22-26.

The event was planned as a new fair feature this year to give boys up to 15 years of age an opportunity to take an active part in the fair program.

Entries already are coming in at the office of J. A. Rautman, fair secretary, who has announced that Saturday, Sept. 19, at noon, is the deadline for boys to signify their intentions to race.

Entry letters must contain the name, age and address of each entrant and must bear the signature of one of the boy's parents or guardian, Mr. Rautman said.

Each boy will be required to bring a four-inch square section of cardboard tied to his right arm in order that race officials may number the boys before the race starts.

To prevent conflict with school hours, the races have been set for 4 p. m. daily on Wednesday, Thursday and Friday of the fair. Racers have been asked to assemble at the East Fairground street entrance where a fair official will direct them to the starting position.

The Wednesday event will be a quarter-mile race for boys up to 12 years of age. Prizes will be \$3, \$2 and \$1 for the first, second and third place winners, respectively. Identical prizes are offered for the Thursday and Friday events.

NYA STARTS ON SECOND YEAR IN MARION COUNTY

D. T. Mills Reappointed Director; County's Allotment \$655 Monthly.

The National Youth Administration began its second year of benevolent work among needy Marion county school pupils today, under the direction of the county chairman, D. T. Mills, county superintendent of schools, who was reappointed to the position by S. Burns, governor of Columbus, state NYA director.

Marion county has been allotted \$655 monthly to be paid to needy city and parochial school pupils in the city and county. The amount of the student aid will necessarily depend on whether the family is on relief this year, according to information received by Mr. Mills, but will be based largely on the actual need of the pupils.

Pupils whose applications are accepted will be paid \$5 a month for a period of nine months for work at the various schools. Applicants must be between 16 and 25 years of age and may be either elementary or high school pupils.

The practice of granting NYA aid on a scholarship basis, which was possible last year, will not be continued this year, according to information received by Mr. Mills. Work which the pupils are given to do must be in addition to the work done by employees regularly hired by the schools.

Application blanks were mailed yesterday to heads of all schools in the city and county, to be filled out by the principal, notarized and returned to the office of Mr. Mills. The county director will allot to each school requesting the aid, its portion of money based on the number of families on relief in the county, the general need for the work in the particular school and the number of students given aid last year. Individual application blanks will be sent to each pupil to be filled out and returned to Mr. Mills for filing with state NYA office in Columbus.

Last year an average of 113 pupils received the aid when the program got under way in the county.

Union County Fair Races Start Today

Four Stake Events Slated for Two-Year-Old Trotters and Pacers.

Special to The Star — The Union county fair gets underway in full blast today and with favorable weather the crowd will be one of the largest Wednesdays in the history of the fair. Yesterday was the opening day, but as in years past no admission was charged and it was devoted to getting the last of the exhibits in place and limbering up the race horses that will go in the 11 harness events during the next three days.

The crowd that visited the fair Tuesday was larger than in years. Harness race fans are looking forward to the racing program that starts this afternoon. There are four stake events for two-year-old trotters and pacers. The other two races are 2:26 trot and 2:26 pace. There is much interest in the stake races as outstanding prospects from many well-known stables are among the entries. More than 13 horses are expected to start in the two-year-old trot and about the same number in the two-year-old pace.

One of the features of today's program attracting a large number of people is the horseracing contest at 10 a. m. The contest is for 1500 pounds and under and for 1500 pounds and over. Three prizes will be offered, \$12, \$8, and \$5.

GALION MAN BACK FROM FOREIGN TRIP

Special to The Star — GALION, Sept. 9 — In Europe when gasoline is high, ranging from 27 cents a gallon in Belgium to 70 cents a gallon in France, Alvin Kline of Galion, who has spent a six weeks motor tour of nine European countries, found his car and radio attracted much attention. Radios in cars are practically non-existent in Europe where small powered cars are used on account of the high price of gasoline.

HEADS NYA WORK

GALION, Sept. 9 — Announcement has been made by Harry E. Rabe, director of the student aid program of the NYA at Columbus, that O. E. Hill, superintendent of the Galion schools, has been named chairman of the national youth administration activities in Crawford county.

SANITARY PROTECTION

without PADS! PINS! BELTS!

Wix is the remarkable new product which enables every woman to have complete, healthy, sanitary protection, internally, invisibly! Wix is a scientifically designed absorbent tampon (perfected by two physicians) which is used internally and thus banishes forever the embarrassment of protruding pads, the irritation and discomfort of belts and pins. Internal protection (tampon) has long been advocated by physicians and widely practiced among theatrical people, models, and women who must be always active.

5TH GRANGE DEGREE IS CONFERRED ON 23

Pomona Meeting Held at Claridon Schoolhouse, Will Visit Wyandot County

Work in the fifth degree was conferred on a class of 23 candidates from the various granges in the county at a meeting of Pomona Grange Saturday night. The meeting was held at the Claridon schoolhouse with United Grange members as hosts.

The degree was conferred by the officers of Pomona Grange headed by Lester Watts master. A roll call was made and the candidates were sworn in. The work on a class of candidates from Wyandot county granges the evening of Oct. 10 at Upper Sandusky. The meetings are in preparation for a first degree in the sixth degree in Marion Oct. 6.

A social hour with refreshments was in charge of United Grange members. The next Pomona meeting will be held the first Wednesday night in November at West Komery grange hall at Delhi.

Gold Rush on in Nevada As Strike Yields Hotel and Store Owner \$500 a Day

GOLD RUSH MOVES OUT

A miner wheels out a load of gold ore from Lumbia the hole in the ground where Gary Austin, a 30-year-old hotel and store keeper in Lumbia, Nev., 40 miles away, struck the gold. He has struck a new gold mine in this section. Numerous claims being filed all around the mine. Herbert Hoover inspected it recently.

AND DOWN THE MOUNTAIN

The ore is loaded on sleds and hooked to a tractor which wheels it down the steep mountain side to the little refining and processing plant. Austin is a just one day's ride now he is going to pay back the down payment. The strike has started a new gold rush in this section. Numerous claims being filed all around the mine. Herbert Hoover inspected it recently.

TO REFINING MILL...

At the mill the gold is extracted by an amalgam process. The ore is first crushed and then moves to the amalgam plate where the gold particles are collected under the super vision of another son, Kenneth Austin, expects to use part of his profits to install a 35-ton mill soon in place of the one and a half ton affair now in operation.

FOR HER, CHICKEN FEED...

Austin is making so much money he has turned down offers reported at upwards of \$100,000 for his mine—but his wife still feeds the chickens behind the hotel and general store. Chickens come in handy in the desert she says. She plans to buy a washing machine she has wanted for many years.

FOR THEM, HIGH HOPES...

The siren call of gold does not go unanswered. As soon as the news of a luck got noised around prospectors these filled with the never-ending hope of rich over night, began trekking to the mine on the edge of Black Rock desert northern Nevada. 'George was lucky, haps this time well hit too'.
